ENTICING DOOR STYLE AND FINISH COLLECTIONS ...

For over 50 years, dedication to excellence has defined Dura Supreme and our core business values. We have built our reputation on a foundation of quality – solid construction, precision joinery, sound design, craftsmanship and service. Upon that foundation, we have also created a wonderfully artistic selection of well-appointed door styles and hand-detailed finishes. With such an enticing array of design options, it's no wonder that Dura Supreme cabinetry has such broad appeal at so many price points, within so many design themes.

BEYOND THE KITCHEN ...

Why confine cabinetry to the kitchen? Dura Supreme cabinetry is an intelligent choice for built-in and freestanding furniture pieces throughout your home. As open floor plans gain popularity and kitchen space merges seamlessly with living spaces, it's only natural to extend cabinetry into other areas of the home to create architectural and design consistency. Dura Supreme cabinetry not only offers an incredible array of doors, finishes and decorative elements – but it also offers superior construction, joinery, quality and custom sizing! Your Dura Supreme Cabinetry dealer can introduce you to a host of intriguing design avenues and “furniture” applications for your entire home.

CREATE A SOOTHING, AT-HOME BATH RETREAT ...

Whether master bath, powder room or kids' bath, Dura Supreme offers an impressive selection of bath cabinetry and bath furniture. Our durable, oven-cured finishes withstand moisture and perform beautifully for the long term. Organizational features abound to ensure that everything from cosmetics and bath salts to towels and toilet paper are neatly stored and easily accessible. Fashionable colors and expansive styling options give you freedom in designing a bath environment that's perfect for your home and your tastes. Visit our website at www.durasupreme.com, DIP into the images, SOAK in the ideas, and IMMERSE yourself in inspiration for bath cabinetry from Dura Supreme.

CRESTWOOD CABINETRY

AN OUTSTANDING VALUE IN FINE CABINETRY ...

Dura Supreme creates Crestwood Cabinetry with a thoughtful balance of materials, construction and styling options to deliver exceptional value with exceptional design. Built-in manufacturing economies ensure cost-effective construction, consistent quality and craftsmanship. Upon this foundation, an impressive array of finishes, door styles and unique, space-saving accessories fulfill even the most artistic and discerning tastes.

DESIGNER CABINETRY

CUSTOM, HAND-CRAFTED CABINETRY...

Designer Cabinetry is the epitome of the cabinet-makers craft – careful attention to detail and form, premium joinery, all-plywood construction, full custom capabilities, and an extraordinary palette of hand-detailed door styles and finishes. Designer Cabinetry is “custom cabinetry” in the truest sense ... yet surprisingly and delightfully affordable.

ALECTRA CABINETRY

BLENDING HIGH-TECH CONSTRUCTION WITH HIGH-FASHION ...

Alectra Cabinetry is crafted with a unique, full-access (frameless) construction method inspired by European designs. A sleek, modern interior and high-tech hardware are combined with a complete offering of traditional and contemporary door styles and finishes. A notable spectrum of custom options, highly decorative door styles and artistic, hand-applied finishes make Alectra Cabinetry an especially savvy choice for those that desire the ideal in function and fashion.

AN EXCELLENT VALUE IN FULL-ACCESS CABINETRY ...
